FAQ

Can I renew eBooks?

The option to renew a title becomes available three days before the title is set to expire, appearing next to the title on your Bookshelf under your library account. You can only use the renew feature once for each checkout. If there are holds on the book, you cannot renew but you can place yourself on the Hold list.

How do I return eBooks early?

You don't have to return eBooks - they automatically expire. However, if you wish to return eBooks early, go to your **Bookshelf**. Tap and hold the title to display the return options. Tap **Return** to return the eBook and remove it from your app.

My friends have other devices such as the Kindle Fire, Windows 8 phone, and a black & white Nook. Can they borrow eBooks too?

OverDrive is compatible with many devices. Please visit our OverDrive site and click **Help**. You will see a list of devices with detailed instructions.
